Elite Instruction Program

Welcome to our **POWERED by** program! ISA instructors provide position specific skill instruction for your established team or program. Our program curriculum is tailored to age, skill and ability level. Our goal is to help each young athlete solidify their mechanical foundation and maximize their individual potential, ultimately creating an unstoppable ball team.

ISA is centered in creating a progression-based instructional curriculum, complete with throwing mechanics, hitting, defense, pitching/catching, and game situations/baseball IQ & awareness. ISA instructors are full time baseball professionals who teach players from ages 8 to 18. Each instructor has unique experience, ranging from collegiate to professional and MLB levels.

All ages receive 1x week practice time slot (October-March, pending package), with options for a second practice (January- April) for an additional price. Coaches are free to organize and run their own team practice.

Open Facility Use

All athletes have access to the facility 2:30-4:30 during the school year (excludes holidays). Players can hit, take ground balls and workout. Facility use during these times is unlimited.
